Subject: GC/MS data

Hi Jim, I have a request from a DA in Lowell, who is asking for the GCMS data on a case that the vials were sent out there and Cam ran them back in January of 1999. I don't know if you guys have or can find this material, but I'll give you the numbers any way. The analyst here was Nancy Tisei who has left the lab. The sample numbers are [REDACTED] (both from Lowell). Cam completed them 1/27/1999. Each sample contained 4 vials. Let me know if you can find anything on this. Take care. Chuck S
